

Github操作指南

一、简介

为了方便大家了解Github相关知识，未来我们的小组作业、中期报告、终期项目（项目、论文、PPT）等均上传至Github中。

二、创建方式

1、建立新的repository

2、建立新的工程

这里仓库名称为组号_组长名（英文），例如0_AoYuXuan，隐私状态设置为private。

Create a new repository

A repository contains all project files, including the revision history. Already have a project repository elsewhere? [Import a repository.](#)

Required fields are marked with an asterisk (*).

Owner *

yuxua24

Repository name *

0_AoYuXuan

0_AoYuXuan is available.

Great repository names are short and memorable. Need inspiration? How about [probable-parakeet](#) ?

Description (optional)

Public

Anyone on the internet can see this repository. You choose who can commit.

Private

You choose who can see and commit to this repository.

Initialize this repository with:

Add a README file

This is where you can write a long description for your project. [Learn more about READMEs.](#)

3、创建新文件creating a new file

Quick setup — if you've done this kind of thing before

Set up in Desktop or [HTTPS](#) [SSH](#) git@github.com:yuxua24/0_AoYuXuan.git

Get started by [creating a new file](#) or [uploading an existing file](#). We recommend every repository include a [README](#), [LICENSE](#), and [.gitignore](#).

0_AoYuXuan / Homework0 in main

Code 55% faster with GitHub Copilot

1 Enter file contents here

结果如下所示：

The screenshot shows a GitHub repository page. At the top, there's a commit history entry by user 'yuxua24' titled 'Create test.cpp' with a timestamp of 'now'. Below the commit history is a section for adding a README file. It features a 'README' tab, a book icon, and the text 'Add a README'. A green button labeled 'Add a README' is highlighted with a red box. The entire interface is contained within a light gray box.

添加readme文件，内容为队伍基本信息（组号、组名、队长、队员等）

This screenshot shows the same GitHub repository page as the previous one, but now the 'README.md' file has been created. The table lists two files: 'Homework0' and 'README.md'. The 'README.md' file has a 'Last commit message' of 'Create README.md'. Below the table, the 'README.md' content is displayed as 'O_TA'.

4、作业提交

This screenshot shows the GitHub repository interface again. The 'test.cpp' file is listed with a 'Last commit message' of 'Create test.cpp' and a date of '3 minutes ago'. At the top right, there's a 'Create new file' button highlighted with a red box. Other options like 'Upload files' and '... more' are also visible.

剩余操作同上

5、邀请老师、TA入组

The screenshot shows the GitHub repository settings page. At the top, there are several navigation tabs: Code, Issues, Pull requests, Actions, Projects, Security, Insights, and Settings. The Settings tab is highlighted with a red box and has a red arrow pointing to it from the top right. On the left, a sidebar lists various repository management sections: General, Access (which is selected and highlighted with a red box), Code and automation, Security, and Integrations. Under Access, the 'Collaborators' section is also highlighted with a red box. The main content area is titled 'Who has access' and shows that the repository is a 'Private repository'. It indicates that only those with access to this repository can view it. There are two sections: 'PRIVATE REPOSITORY' and 'DIRECT ACCESS'. The 'PRIVATE REPOSITORY' section shows '0' collaborators have access. The 'DIRECT ACCESS' section shows '0' collaborators have access. Below this, there is a 'Manage' link. A large red arrow points down from the 'Settings' tab to the 'Add people' button in the 'Manage access' section. The 'Manage access' section has a title 'Manage access' and features a blue icon of a person with a lock. It says 'You haven't invited any collaborators yet' and has a green 'Add people' button.

6、多次输入下面 3 个 GitHub 账号

曾琼: qiong_zn@gmail.com

邹旭东: 2061362927@qq.com

敖宇轩: 1214076062@qq.com

四、作业提交

各小组在实验截止日期前创建文件夹并提交作业，文件夹及作业命名格式为Homework_*. 实验截止日期为作业发布下一周实验课的前一天。请将小组GitHub Private repository 的 URL 提交至：

[大数据分析实践组队情况\(qq.com\)](#)
